Hy-Vee 201 North Belt Highway, St. Joseph

Ice Cream & Socializing

Every Saturday evening 6:00 PM
Moved to Wendy's in Liberty
3 Victory Dr, Liberty, MO 64068

President's Comments:

This looks like a full month for club activities so I hope you can join us for as many as you can! The club picnic is always a good time. Remember, this year it is at Tryst Falls for the first time. This will help us avoid the lake traffic and eliminate the Park entrance fee we've had to pay when gathering at Smithville Lake.

The Lathrup Gas Station will be waiting for it's hosts on Saturday June 17. Bring you're a and your chairs and sit in the shade under the canopy to enjoy some good old fashioned visiting.

Then a visit to Wetmore Kansas to the Spring Creek Classics Museum is in line on June 24th. If you haven't been there before, you're missing out. The Carson's have a beautiful collection, and the restore station and dealership is amazing to visit. Hope you can join us for that one too!

More fun is in the works for the summer, but if you have any places you'd like to have us go, let one of your Board Members know! We are always looking for new adventures!

It's always good to have an "A" day!

Bill Skaggs, President

Knowledge is realizing that the street is one-way, wisdom is looking both directions anyway.

Editor's Comments:

The Old Lady is getting cranky on me. I haven't had her out on a tour yet this year. Real life keeps getting in the way. I was especially unhappy on having to miss the Cameron VA home visit, that's one of my favorites. But a funeral out of town had to take precedence, so that's how it goes sometimes.

And as some of you might have heard, I've started the process of downsizing my place. That means I have to get Wink's barn cleaned out. THAT, I'm not looking forward too! But it has to be done, so that will keep me busy this summer. That and finding a new home here in the local area. I definitely don't want to move too far from my base here with the club and all my friends! I'm sure that will work out too. Looks to be a busy summer though. Better busy than bored, I always say, although sometimes I need to bite off just a little less at a time!

I do plan on getting to the June events, (keeping my fingers crossed just in case!) and I'm looking forward to seeing all of you there too. Especially the Wetmore Kansas Tour. That's a new one for the club and one well worth going on in my opinion!

Happy "A"ing!

Sherry Wink,
Editor

NORTHWEST MO MODEL A FORD CLUB MEETING

American Legion Hall, Smithville, MO

May 1st 2017 7:00 p.m.

Meeting Opened By: Vice President, Loura Cook, led us in the pledge of allegiance. Our program for the evening was Dave Schneider a veteran law enforcement officer. He discussed how we can protect ourselves and possessions.

Secretary Report: Minutes for April published in the Road Runner were approved as printed.

Treasurer Report: Accepted as read.

President: A vote will be taken by written ballot to give \$250 to each of the following: Model A Museum, Youth Scholarship and Youth Restoration program. Junior Blakley and Walt Jones counted the votes. The three donations passed.

Anyone interested in Web Master job contact Bill as Dave Telles has resigned.

Old Business: Clarence Lawson said repairs on the gas station at Lathrop which was damaged in the tornado are in progress.

New Business: Our club was asked to provide and run the car games at the 2018 Regional meet in Springfield, Mo. Loura and Sherry are already working on it. They requested helpers. A trailer has volunteered to haul necessary items.

Membership: 52 members present.

Newsletter/Publishing: Sherry asked for pictures from last few tours and she has been unable to attend.

Activities: Club picnic will be June 3. A driving tour to Gower, Mo. will be May 27th. Spring Creek Classics Museum in Wetmore, Ks. will be June 24.

Concerns: Etta Ridgeway is our new concerns/calling chairman. She sent Thinking of You cards to Gladys Lawson, Walt Jones and Tim Osborn. All three were at the meeting tonight.

Merchandising: Items for sale on the back table tonight.

Meeting adjourned at 8:10 p.m., Respectfully submitted by Sandi Shaw

MAFFI Newsletter Minute

Vintage Purse Display at the Model A Museum

A new exhibit at the Model A Museum features vintage purses from the early 1900's with special focus on the purses from the Model A Era. These lovely bags were recently donated by Cliff Ladman of West Milton, Ohio in memory of his wife Ruby, who had collected Model A Era fashions over a period of many years.

On September 16, 2017 during Model A Day at the Museum. Judith Coebly will be presenting a seminar entitled "Vintage in Style: From Pouch to Purse". Her extensive display of purses from 1700 to mid 1930's will be on display for you to view. Accompanying her power point presentation, you will receive 4 handouts: (1) History of the Handbag: From Pouch to Purse Timeline, (2) Definitions Helping Us Understand the History of the Handbag, (3) Victorian "Language of the Flowers" on Beaded Purses and Important Firsts used in Dating Handbags and (4). Bibliography.

Please come to the museum and see our new purse display and other beautiful fashion items that are on display. Make a point to visit us during Model A Day, September 16, 2017 and take in the seminar as well. Our museum has something for everyone who loves the Model A!

The Benefits of belonging to MARC—

the Model A Restorers Club

There are many benefits to joining and enjoying a membership in the Model A Restorers Club.

First of all, each member receives an award winning magazine "The Model A News" published bi-monthly which is filled with fantastic

articles and information about the Model Ford.

Secondly, This gives you access to one of our many Regions which may be located in your local area so you will meet other Model A enthusiasts. These fellow members will help you learn about the Model A and offer help when needed. Many life long friendships have been developed from membership in our club.

Thirdly, by being a member you will realize the wealth of knowledge that many of your fellow Model A members have in all subjects pertaining to the Model A.

Perhaps you need to get a generator repaired or need to know how to set the timing, you can usually find a fellow club member to give you a hand. I have found many members are good mechanics, welders, machinists and the list goes on and on. You will find their advice and help invaluable in your

restoration efforts.

Fourth, if you are looking for a Model A you may find one in the "Cars For Sale" section in the Model A News which is free to all members of MARC. The same is true if you are looking to sell a car or parts and the "Wanted" section will give you an opportunity to find a part you may be looking for.

Fifth, You and your family will be able to attend National Conventions designed for "Fun for the Whole Family" These meets are held annually and are all planned out for you to just be there. All of the tours and fun is ready to go. typical are visits to museums and tourist attractions in the area. Car games and picnics and welcome parties with live entertainment are just a few of the exciting things you will be doing.

Sixth, You will be able to learn more about the Model A that you could any other way. Club members are always helping each other and you will pick it up really fast with this kind of support.

There are many more wonderful aspects of joining the Model A Hobby as I have only covered a few.

Joining the Model A Restorers Club may be the biggest life changing event you have done in years. So sign up today and let the "FUN BEGIN".

Activities

"Departure places and times for events will be published on the Web Site and Newsletter the month prior to the event".

June 3rd—Annual Club Picnic

(New location -Tryst Falls)

August 11-13th—Platte County Gas and Steam show

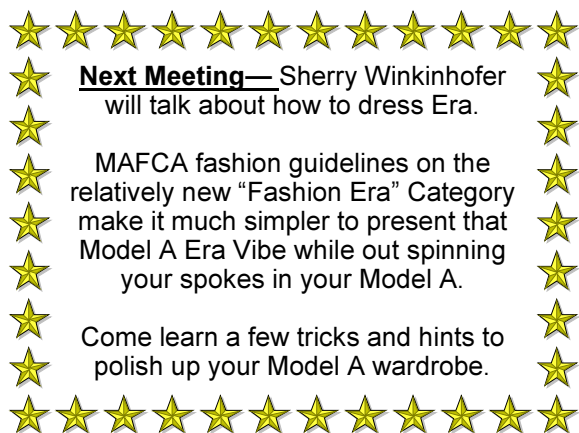

Hold the Date!

September 24-29 -- 2017 MAFCA National Tour

Hosts: Bakersfield Chapter
Beginning in Paso Robles, CA, over the Golden Gate Bridge and ending in Napa Valley.
<http://mafca.com/events/2017%20Nat%20Tour%20Info.pdf>

If you are planning on joining in on any of the tours or activities, but haven't put your name on a sign-up sheet, let Marvin Taylor know!

Phone: 816-807-6300 or Email: tours@nwmomodela.com That way if it has to be canceled or has a location or the schedule changed, you will be notified!

Next Meeting— Sherry Winkinhofer will talk about how to dress Era.

MAFCA fashion guidelines on the relatively new "Fashion Era" Category make it much simpler to present that Model A Era Vibe while out spinning your spokes in your Model A.

Come learn a few tricks and hints to polish up your Model A wardrobe.

June 24th—Spring Creek Classics—Wetmore Kansas

Come visit this unique private museum owned by Bob and June Carson. It includes a fully restored inside and out 1925 Texaco Gas Station, and a 5,000-square-foot dealership building full of beautifully restored cars. This includes a 1937 Cadillac LaSalle Opera Coupe and a 1957 Ford Fairlane 500 Skyliner, which becomes a convertible when the hard top is slid into the trunk. The service area of the dealership building displays original work benches, equipment, tools and floor lifts. If you run out of things to look at, Bob has two more buildings next door full of more cars! Lunch will be at the local Café in Wetmore.

Mystery Member

Born in the Ozarks. Wrestled a bear. Met Pope John Paul II. First time ever to eat in a restaurant-ordered a spam sandwich. Wife thinks he has a body to die for. Most people "are" dead with my body. Has 4 wonderful children & 2 grand boys. Has the most beautiful, caring, hard working, compassionate, intelligent, empathetic, best friend, wonderful housekeeper, energetic, positive, frugal, best cook, wife in the world. Can you guess who this is?

Details for the Annual Club Picnic are on page 5!!

Walt's Old Time Tech Tip

Walt Jones, Tech Director

When an engine head is removed for valve work or overhaul, carbon deposits should be removed. There are a number of reasons that deposits occur. Among these are oil pumping past worn rings and incomplete fuel combustion primarily caused when the engine is out of tune.

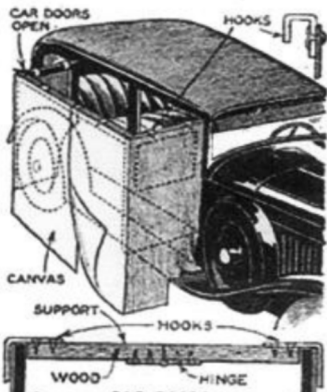

Missing promotes oil pumping and carbon formation as oil passing normally into the combustion chamber is not burned. If the carburetor feeds to rich mixture there will not be enough air to consume all the fuel and therefore not enough to burn excess oil that has passed into the combustion chamber. Incomplete combustion means carbon.

Carbon deposits in the combustion chamber are not desirable because they may cause overheating and noisy operation resulting in loss of power. One cause of knock is preignition. This occurs when newly introduced air gas mixture explodes before the plug ignites it. One operating condition within an engine that can cause this is surface ignition. This may start at hot spots which are on edges of carbon deposits left glowing from the last ignition cycle. When knock occurs stresses developed on pistons rods and bearings are greatly detrimental to engine operation.

The knock produced by carbon is a clear tinkling sound usually heard when climbing grades at higher speeds. Carbon deposits are also indicated by a sharp knock heard when the engine is speeded up by opening the throttle. The knock caused by having the spark too far advanced is duller than that caused by carbon.

Carbon removal has been done without taking the engine apart by allowing water to be drawn through the system when the engine is running via the use of engine vacuum. Carbon can be removed when the engine is disassembled by scraping. Pistons when left in the engine should never be wire brushed as this might allow a strand of wire to get caught and left unnoticed between the piston and cylinder wall causing scoring. Wire brushing is ok if the pistons have been removed from the engine and of course would be acceptable for use to remove carbon from the head. A putty knife with a blade about an inch wide makes a good tool to remove carbon from a piston top.

A commercial scraper with several independent wire rods of approximately number twelve steel wire sharpened on the end and mounted with a handle can be purchased. A similar home made tool can be made from an old fork. To make this tool squeeze the tines of the fork together then sharpen them to a wedge shape on the grinder. When this is done place the fork in a vice and bend the tines at a convenient angle (45 degrees) to the fork handle. There you have it a convenient home made carbon scraper. The advantage of this type of scraper is that the individual cutting edges of the tines will follow the most irregular surfaces and they will spring back in line for cleaning smooth surfaces. Have fun and enjoy your Model A projects.

For the Old Swimming Hole:

Many times the motorist and friends could enjoy a Saturday afternoon or Sunday swim if dressing facilities were more convenient. A three sided canvas closure is made to be supported by the closed car doors. The canvas extends from the tops of the doors to the ground

A folding wooden support for the outside edge is made to hold the doors open. Hooks on the canvas provide for hanging the canvas. Stowage is simple as the canvas folds and may be carried under a seat, along with the folded prop. ?The car is kept clean and dry when this is used Science and Invention Magazine May 1930 (A fun article shared in the “Script A News” May 2017 edition.)

Fun from the May meeting!

Pictures by
Lyman Ridgeway

Have you been to Saturday Ice Cream lately?

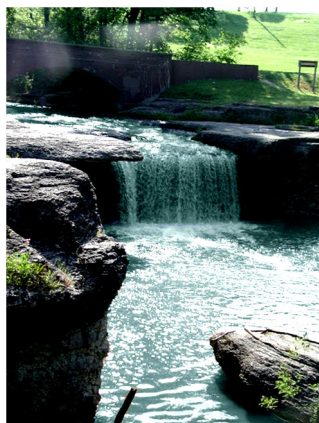

According to these pictures from Bill and Mary Lou Matteson, it appears that a good time is being had by all attendees. Look at all the smiles! Maybe it's time to join them!

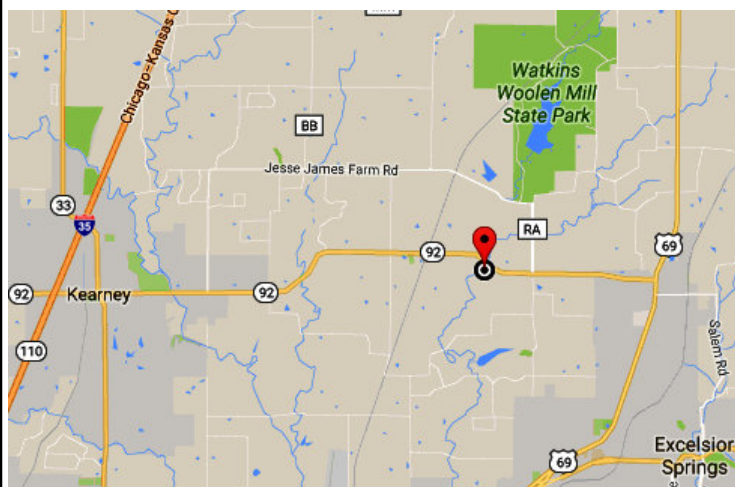

Annual Club Picnic—This Saturday! New Location—Tryst Falls

Don't forget to mark your calendars for the club picnic! This year we have moved to the shelter house at Tryst Falls.

Arrive at 11:00 a.m. to get ready for a 12:00 meal! As usual, the club will provide the meat and tableware. It's suggested that members bring a dish as divided by the alphabet to ensure variety! A-I: Desserts J-Q: Salads R-Z: Covered Dishes Remember, the above is just a suggestion, if you have a specialty dish you would like to bring, feel free to be a non-conformer!

The main thing is: Come join us!! It's always a lot of fun, there is room for everyone, and the more Model A's attend, the better. See you there!

"Ready for the road"

Submitted by Harvey Roseberry

...best describes our new NW Club member's 1931 four door.

Willie & Mary Coffman, longtime St. Joseph residents, acquired their Colorado Model A from an uncle. Willie restored their A back to life after sitting unattended and in disrepair for over 15 years. Still a work in progress, cosmetic items, a good two tooth steering column and original headlight buckets are all on Willie's want list.

It's not uncommon to seeing Willie & Mary proudly driving their A around St. Joseph on a Sunday afternoon. Willie & Mary are welcomed additions to the Model A Hobby and our NW Missouri Model A Ford Club!!

Enjoy a few fashions from the January 1928 Photoplay magazine. For just a few dollars, you too could dress like one of the movie stars! AS the article states "Fifth Avenue Fashions for Limited Incomes".

Shop Through Photoplay

Fifth Avenue Fashions for Limited Incomes

For winter sports the suit at left is ideal. The skirt is of corduroy and coat of downy leatherette faced with corduroy—the deep pockets add to its practicality. May be ordered in green, red, blue or black. Sizes 14 to 40. Price \$9.75

Above is the ever useful overcoat of white broadcloth trimmed with narrow frilling with either sports or Peter Pan collar. Nothing takes its place for sports, school or office. Sizes 14 to 40. Price \$2.00

At left the two-piece knitted suit in the sports-sweater favorite. Skirt has vertical pleats in front on button top. Sweater with popular crew neckline has stripes of contrasting color on leather background of green, red, blue, Oxford grey or tan. Sizes 14 to 20. \$8.95

Below the looser of winter sports will find real comfort in the knitted wool garment places with novelty top in casual or boxer tones. Sizes small, medium or large. Price \$2.25

The fashionable woman will find the printed lace house dress at right a real find. In attractive design of assorted colors on white background tailored with bands of white lace. Sizes 16 to 42. Only \$2.65

PHOTOPLAY
JANUARY 25 CENTS

Winners of \$500,000 Cut-Puzzle Contest
In this Issue
10 Years Hence What Will The Screen Stars Be Doing?

For holiday parties the frock at right is so smart and so inexpensive—only \$15.75. It is directly trimmed with rhinestones and the skirt has two full circular flounces. Comes in black, cream, white or silk. Sizes 16 to 40

Cape de chine, abstract in good for informal wear, is used in the new rose glass, Chin Chin blue, almond green, beige, navy blue, black or white. Sizes 14 to 40. —Washes 34 to 40. Price \$9.75

Below is one of this season's most fashionable pocketbooks. May be ordered in either velvet or moire in black or brown with frame of simulated shell. Price \$1.50

In circle above the colored cuff set of pearl pins will also fill other words. Price 50c. Fashion decorates rhinestone jewelry—this choker necklace of rhinestones in silver finish setting is a charming requisite. Price \$2.85

Bloomer combination of crepe de chine with colored thread lace trimming is attractive as well as practical. Comes in flesh, peach or silk. Sizes 36 to 42. Price \$1.75

Any Article May Be Returned

IF you are not satisfied with any purchase, return it and your money will be refunded immediately. Articles for credit or exchange must be returned direct to Photoplay Shopping Service, 221 West 57th Street, New York City, and not to the shop from which they were sent.

Here's another recipe from "Favorite Recipes of the Movie Stars" printed in 1931. Mary Astor was a movie actor in the silent movies, but then moved to the "talkies". She is most famous for her role in "The Maltese Falcon" in 1941. I rather doubt she really cooked this herself, but you never know!

Rouladen or Mock Birds

1 round steak cut 1/4 inch thick
1/4 cup flour
1 tsp salt
Sliced bacon
Sliced Spanish onion
Bay leaf
Soup stock

Cut steak into pieces about the size of the hand, allowing one for each person. Sift flour with salt and dip the pieces of meat into it. Lace on each piece two slices bacon, two slices onion, and a small piece bay leaf. Roll, tuck in edges and tie with a string. Dip again in flour and fry in good drippings to a deep brown. Cover with boiling stock, cover pan and cook until tender at least one hour. Remove strings before serving.

Brands We Still Know

During WW I, a master mechanic at a plant in Stillwater, Minnesota got fed up with the often burnt toast being served in the company cafeteria. Charles Strite incorporated springs and a variable timer in his design to eliminate the need for continual monitoring. He filed the patent for his pop-up toaster on May 29, 1919, hoping to market directly to restaurants.

After receiving his patent in 1921, Strite formed the Waters-Genter Company to make and market his new invention. The first automatic pop-up toaster was produced in 1926 and due to demand began to be sold to the public by the end of the year.

The major breakthrough for toaster sales came in 1928. Prior to 1928, bread was sold in loaves. But then sliced bread became available, and it was a natural fit with the new standardized slices, and the pop-up toaster became a standard in most kitchens.

Interesting note: In the late 1990's, a new toastmaster toaster was introduced at a Chicago Home Show that had been designed by the German design firm F. A. Porsche, designer of the original Porsche 911.

It's Called the

TOASTMASTER

—And It's the World's ONLY Completely Automatic Toaster!

Cameron VA Home Visit May 20th

Seventeen cars braved the dreary rainy weather to make it to this annual pilgrimage. Bill Skaggs even made it after flying in from New York and having no sleep. Thanks to Lyman for taking pictures...he drove his truck and trailer and braved the rain to get them. And The Hardings made it without having windows! We have some really dedicated A'rs.....no lightweights in this group!

Jim Spawn joined us this year, and for some extra fun brought his guitar and entertained inside the facility. He was a big hit and I'm sure they welcome him back any time, car or no car!!

Following the VA home visit, a few cars went next door to the nursing home where some excited residents enjoyed our cars too! Following this, the cars proceeded to Washington Street Restaurant, where the banquet room was ready and waiting for a delightful lunch before it was time to wind our way home.

Gower Driving Tour

It was another rainy day, but a little time spent in the McDonalds allowed the rain to quit and the tour to continue. Unfortunately, our side visit to Comache Acres Iris farm had to be cancelled due to mud. But after a nice drive, we reached Gower. Lunch at the Café was delicious, some of the best food we've had anywhere! And they treated us like royalty. We definitely need to go back there again!

Dear Members of the Northwest MO Model A Ford Club,
My sincere thanks to your club for its generous (tax deductible) gift of \$250 for 2017 to the Model A Youth Restoration Award. Your funds will be put to good use helping some deserving youth to complete his/her Model A Ford. 100% of donated funds are given to several young people in the form of gift certificates from the Model A parts vendors. In addition. The majority of the parts vendors gave substantially to the award also. We had four recipients in 2016 with each of the four receiving \$2,200.00 in certificates. PLEASE encourage young people with a Model A project to apply! Check our website: for details. [http://](http://Modelarestorationaward.org/)

Modelarestorationaward.org/

Once again, THANK YOU for your generosity!

Sincerely Yours, Charles Cheshire

To the Members of Northwest Missouri Model A Ford Club, The Trustees of the Model A Ford Foundation acknowledge you for your generous donation of \$250.00 to the Model A Ford Foundation Museum Endowment Fund. We hope you will be able to join us for "Model A Day" weekend at the Gilmore complex on the third weekend in September this year. Friday's events include self-guided tours of the Gilmore buildings including YOUR MODEL A MUSEUM, plus Cadillac, Lincoln, Franklin, Pierce Arrow, the Steam and Electric barns and more. Self-guided tours of the Gull Lake area are also available. Saturday's activities include the Annual MAFFI Membership meeting at 1 o'clock, MAFFI Hall of Fame presentation, 50/50 raffle, seminars, and an outdoor all Model A Swap Meet! The Gilmore campus has become a major automotive museum and one of the best in the country. All of this is made possible because of generous people like you!

Thanks for your support, John D Marshall Executive Director

MAFCA -Model A Ford Club of America "Come on Back"

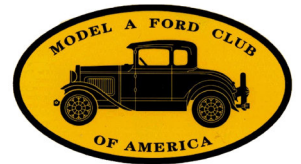

The goal of this program is bring back former MAFCA members who have not renewed their membership.

- The program will be introduced with an announcement in the March /April, 2017 issue of The Restorer, via the Chapter Chatter Column and an Article from Jay McCord, the MAFCA Facebook page and the MAFCA Website. • The program will be implemented through individual Chapters.
- Each Chapter will be challenged to encourage all of their members to rejoin MAFCA.
- Remember the benefits of Membership in MAFCA:
- The Restorer Magazine, the Best Publication in the Automotive Hobby o The Best Insurance Coverage for Chapter Activities and Directors and Officers o The Best Club Branded Merchandise, including clothing items and publications.
- Free classified ads to assist you with your Model A in the Restorer magazine and on the MAFCA.com website

- Fun, Fellowship, Technical Expertise. Technical advice to keep your car running available at techPmaka.com An extensive library in the area of Era Fashions on the MAFCA website
- Local Activities through one of our nearly 300 Chapters, Interest Groups
- National Activities: Tours, Conventions, Era Fashion and Judging, and The Restorers Class Evaluations
- Regional events and Special Fine Point Judging, Touring Class

We hope that each chapter will accept this challenge and work to increase our membership.

Plain Ol A's Fall Foliage Tour 2017 Silver Dollar City Christmas Lights

This year the Plain Ol A's are planning to visit Branson for the popular Silver Dollar City Christmas Lights and possibly attending the Sight and Sound production "Miracle of Christmas. Because it is a popular time to visit Branson, now is the time they have to find a hotel to accommodate a large group with our cars. Sight and Sound theater tickets will need to be reserved through the hotel.

At the April POA meeting we had several cars sign up for the tour. If you are seriously interested in going, please let Theresa or Ron Guenther know ASAP so they can set up a block of rooms. These dates are during the week leaving Tuesday, Nov 7th and returning Friday, Nov 10 to be home for the Leavenworth Veterans Day Parade, Nov 11h. The route will be the same as the 2015 and 2016 tours. Call them at (913) 682 - 2545 or email: ronsarestogvahoo.com to be included on this tour.
